

GL3 Hub

I have spoken to Mike Holder at GL3 Hub with reference to a Parish Council representative presence on their Board of Trustees as per reference at the last PC meeting. He said that the Charity have decided that as there are no financial ties to the Parish Council that this is not currently necessary. However it is hoped that by improving working relationships this will allow for both parties to work together again in the future.

I would like to point out that the Food Bank is now running out of the Hub. Individuals can approach the Food Bank for help or can be referred by individuals/professionals. Parcels are either free or £3 charged for and are distributed on a Thursday morning when collection is encouraged but delivery is available where this isn't possible.

I think this is quite an exciting time for the Hub and the Food Bank and it is hoped this will be a catalyst for further ventures at the Hub.
